'SERVING THE NEEDS OF THE COMMUNITY'

AN ALTERNATIVE APPROACH TO MODERN DAY PROBLEMS

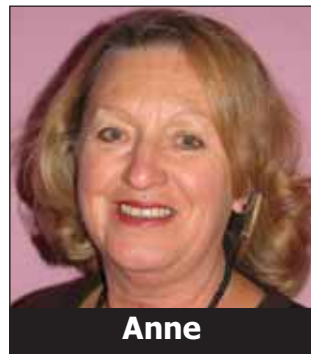

## Dear Patient

We thought it was time to keep our patients more informed about how we operate and who the people are that you speak to and see.

Julie

Firstly, we have our enthusiastic front office team! Julie, Claire and Anne manage all the daily phone calls and diary, a long

Anne

with a whole lot more, like stock control, purchasing and accounts. They are very busy but always make

Claire

the time to chat to patients and they are all very willing and capable of helping the many people who call us in dire straits.

Garry

Garry continues to lead our team of highly qualified practitioners in their bid to help relieve pain and distress.

He regularly updates

his knowledge in the field of Nutrition as well as keeping abreast of as many new treatment methods as possible, in both his Acupuncture and Osteopathic roles. He works from all 4 of our clinics, in London, Sawtry, Steeple Morden and Deeping St James.

Tom

Tom continues to provide his services at all

Merry Christmas & A Happy New Year!

our rural clinics, specialising in Osteopathy and Naturopathy and will be going on a course in April to further his knowledge of Cranial Osteopathy.

lot of referrals.

**Norman**

Earlier this year we were very lucky to welcome Norman to our team. He brings a fresh view with his approach, having gained a lot of practical experience in Bavaria, and is renowned as being 'The Gentle Giant', as he cuts an imposing figure.

**Steve**

Steve maintains his regular Osteopathic patients at Deeping with a strong following that has been developed over 12 years. This in turn leads to a

**Lianne**

Also in 2005 we were fortunate to find the fifth member of our team in the shape of Lianne, who brings Traditional Chinese Medicine to all our rural clinics. She is an experienced Acupuncturist with skills that can help a huge range of conditions. Lianne is just

about to complete a course in Cosmetic Acupuncture which will mean we can offer facial revitalisation now, and in the new year she will qualify as a Herbalist as well.

Our Cancellation Policy needs explaining further to avoid any confusion. If we are given more than 4 hours notice, there is no charge, if we have between 2-4 hours notice there is a 1/2 fee charged and if we have less than 2 hours notice or a no-show we

*Merry Christmas & A Happy New Year!*

charge the full fee. The primary reason for this is to protect regular paying patients and those in desperate need. With little or no warning we cannot fit them in although we may have spaces in the diary.

Osteoporosis bone scanning clinics continue to be operated by us at all 3 rural sites on a revolving 8 week basis. If you feel any of the common risk factors are relevant to you or would like further information, please call the

office or speak to your practitioner.

Additionally, we provide a dietary analysis service, whereby we analyse everything you eat and drink over a 5 day period and then produce a complete breakdown of every vitamin, mineral and nutrient you currently consume. This, in turn, provides a huge insight into many internal problems and digestive disorders, which can be discussed

with Naturopaths, who are able to give solutions and treatment.

On a lighter note, we want to remind everyone of our referral system. If you refer 3 patients to the clinics we will give you a free treatment!

You will find enclosed with this letter a few of our new leaflets and cards. Maybe you can pass them to a friend in need?

Finally it remains only for me to say have a very 'Happy Christmas' from all of us and enjoy the new year festivities.

**With kind wishes  
Alison Hares  
(Practice  
Manager)**
